Introduction

Thank you for your interest in NCQA's Heart/Stroke Recognition Program (HSRP). This document provides instructions for gathering data, assessing your practice's performance on the program requirements, and applying to NCQA for recognition. The HSRP is NCQA's Recognition Program to identify physicians who provide excellent care to persons with cardiovascular disease or who have had a stroke.

HSRP measures were updated based on current guidance from the American Heart Association, the American Stroke Association, the American College of Cardiology and the U.S. Preventive Services Task Force to determine appropriate measures and treatment that demonstrate quality care for these patients.

To fully understand the program and to gather data accurately, you will need three things:

1. The HSRP Data Collection Tool (DCT), a user friendly, Web-based tool where you can access *HSRP Requirements* and *Instructions*, enter and submit data on clinical measures required for Recognition. Applicants are required to use and submit the Web-based DCT to apply for Recognition.
2. These *Instructions* provide guidance on how to collect data, how the measures correspond with the data and how to enter data into the DCT. **The *Instructions* should be used in conjunction with the *HSRP Requirements*.**
3. The *HSRP Requirements*, which include details and specifications not found in these instructions, are necessary to apply for Heart/Stroke Recognition. They contain the following information.
 - *HSRP Policies and Procedures*. How NCQA scores applications; what level of performance is required for Recognition; and other procedures, such as the NCQA evaluation process.
 - *Clinical Measures*. Detailed specifications for each measure and standard, including required level of performance.
 - *Patient Sample Size Requirements, Eligibility Criteria and Identification Methodology*. How to select a sample; how the program determines patient eligibility; and codes that indicate an appropriate diagnosis.
 - *Glossary*. Terms used in the *Instructions*, *HSRP Requirements* and DCT.

The *DCT Instructions* and *HSRP Requirements* are intended to make HSRP data submission more efficient. They each contain information about how to contact NCQA, take advantage of NCQA's free informational programs, get your questions answered, and resolve any difficulties you may have with the program materials. NCQA looks forward to working with you to create a productive and successful experience.

About the Instructions

The DCT is a Web-based tool that HSRP applicants use to submit all data and materials necessary to seek NCQA Recognition in Heart/Stroke care. The *Heart/Stroke Recognition Program Data Collection Tool Instructions* guides applicants through the process of entering the following information directly into the DCT and interpreting the preliminary results.

- Account/User information – enter once per account—there may be multiple users per account
- Practice site information—enter once per practice site—there may be multiple practice sites per account
- Clinician information—enter once per clinician—there may be multiple clinicians per practice site
- Patient information—enter once per patient, up to the number required per clinician and based on the program

Applicants must identify and extract data from a set of medical records for a sample of patients treated for ischemic vascular disease (IVD). Some applicants transfer data directly from medical records to the Web-based DCT.

NCQA only accepts submissions that have been entered into the Web-based DCT.

Web-Based DCT

Instruction Conventions

NCQA uses the following conventions in these instructions.

- References to documents (e.g., *HSRP Requirements*) are in *italics*
- References to tabs of the Web-based DCT (e.g., ***Practice Sites***) are in ***bold italics***
- References to links (e.g., **Add Practice Site**) are in **bold underline**
- References to drop-down menu choices (e.g., “Yes” and “No”) are in “quotations”
- References to buttons (e.g., **Login** are in a clear **Box**)

- **Important notes are in bold and are in shaded boxes**

Who Can Seek Recognition?

NCQA recognizes group practices and individual clinicians. Prior to entering patient specific information into the DCT, you will be asked your desired level of Recognition. Refer to the *HSRP Requirements* for more details.

- **Clinicians only:** Represents one clinician practicing in any setting who provides continuing care for patients with IVD.
- **Group Practice (Practice Site and its Clinicians):** Represents one or more clinicians who, by formal arrangement, share responsibility for a common panel of patients and practice at the same site, defined

as a physical location or street address. Clinicians are not individually recognized in a group level recognition.

- **Alternate methodology for practice site and its clinicians:** Represents practice sites with 9 or more clinicians who can achieve recognition for all of their individual clinicians with a reduced sampling method and chart abstraction burden.

Getting Started

This section provides instructions that pertain only to the Web-based DCT.

Log In

Follow these steps after you have received an e-mail from NCQA with your User Name and Password.

- Step 1** Navigate to <http://recognitionportal.ncqa.org>.
- Step 2** Enter your *User Name* and *Password* located in the e-mail you received from publications@ncqa.org when you purchased the HSRP Package.
- Step 3** Click **Login**.

License Agreement

The Software License Agreement is a legal agreement between your organization and NCQA. It permits you to access and use the RP Portal.

You will be required to accept the License Agreement each time you log into the RP Portal.

- Step 1** Read the entire license agreement.
- Step 2** Click **I agree** to confirm acceptance of this agreement.

Note: If you click **I disagree**, you will not have access to the RP Portal.

License Agreement

IMPORTANT PLEASE READ CAREFULLY

This ASP Software License Agreement along with all materials referenced herein ("Agreement") is a legal agreement between an entity ("User") and The National Committee for Quality Assurance ("NCQA") permitting User to access and use, subject to the terms of this Agreement, (i) NCQA's software identified on the license agreement page, and accompanying documentation provided electronically ("Software") and (ii) services relating to User's access and use of the Software, including the provision of a web site, content therein and hardware and software relating thereto ("Services"). USER MUST READ THIS AGREEMENT CAREFULLY BEFORE INDICATING ACCEPTANCE AT THE END BY CLICKING THE "I ACCEPT" BUTTON. IF USER DOES NOT AGREE TO ANY OF THE TERMS OF THIS AGREEMENT, CLICK ON THE "I DO NOT ACCEPT" BUTTON AT THE END OF THIS AGREEMENT AND USER WILL NOT BE PERMITTED TO ACCESS AND USE THE SOFTWARE AND SERVICES. INSTEAD, PLEASE CONTACT NCQA TO DETERMINE WHETHER THE SOFTWARE AND SERVICES MAY BE PURCHASED OR RECEIVED BY NON-

Add/Edit/Delete Users & Administrator

Multiple users are able to enter information into the Web-based DCT. You are able to set-up multiple users with their own unique username and password to access the account.

Step 1 On the **Account Manager** page, Click **Add Users**.

Field Name	Data Format	Instructions
User Name	Text Field; must include @	Enter a user's e-mail address for User Name
Password	Text Field	Enter a password that meets the following requirements: <ul style="list-style-type: none"> • 8-20 characters in length • Contain at least one digit, at least one upper-case letter, at least one lower-case letter, and at least one symbol such as \$
Password (confirm)	Text Field	Re-enter password.
E-mail	Text Field; must include @	Enter e-mail address of user.

Step 2 Click **Save/Update**

Step 3 Check proper roles are assigned to user:

RpPortalUser - a user able to view/edit DCT
 RpPortalAmin - administrator of account

If you need to change the role of user select role and click >,< buttons to change role status.

Step 4 To save and close a user, click the **X** button at the top right hand of box.

Edit User -- Webpage Dialog

Step 5 To edit a user click **Edit** next to username under **Modify**.

Complete the Legal Documents

Before you can enter Patient Abstraction Data for the first time in a DCT, you must sign a Business Associate Agreement (BAA) electronically or on a printed copy sent to NCQA. In order to submit any DCTs you must sign the HSRP Agreement electronically or on a printed copy sent to NCQA.

The BAA will pop up before you can continue to set up your DCT.

If you choose not to sign the BAA electronically, you will not have access to enter Patient Abstraction Data until a signed hard copy of the agreement is received by NCQA. If you choose not to sign the HSRP Agreement electronically, you will not be able to submit any DCTs until a signed hard copy of the HSRP Agreement is received by NCQA. To obtain an appropriate hard copy of the agreement, submit your request through the Policy/Program Clarification System (PCS) – <http://ncqa.force.com/pcs/login>.

Mail the signed copy to NCQA at the following address. You will be notified by email when access is released and a counter signed copy will be returned to you.

**NCQA Corporate Office
Heart/Stroke Recognition Program
1100 13th St., NW, Third Floor
Washington, D.C. 20005**

Follow these steps to complete your legal documents electronically. Below are the screen shots and steps for the BAA. The screens and steps are similar for the HSRP Agreement.

Step 1 Click **BAA** in the Legal Document box on the Account Manager page.

The screenshot shows the NCQA Account Manager interface. At the top, there's a navigation bar with links: Home, Practice Sites, Submit Data, Account Manager, Resources, Switch Account, and NCQA Administration. The user is logged in as 'User: kcarter@ncqa.org'. A red notification banner states: 'You have one or more DCTs ready to be submitted.'

Below the navigation bar, there's a section titled 'Instructions - Click here to Show'. Underneath, there are three main sections:

- Account Information - Edit**: Contains 'NCQA - Workshop Acct. 1100 13th Street, NW Suite 1000 Washington, DC 20005' and 'Contact Information Workshop Account drc@ncqa.org (202) 555-3500'.
- Legal Document**: A table showing the status of various agreements.

Legal Document	Status
BAA	Signed
DRP 2015 Agreement	Signed
HSRP 2012 Agreement	Not Signed
- Products for this Account**: A table showing the status of various products.

Products for this Account	Order Number	Status
DRP 2015		Active
HSRP 2015		Active
HSRP 2012		Active

Below these sections, there's a message: 'NCQA has updated the Business Associate Agreement (BAA) and may require your practice to resign the agreement. For more information, [click here](#).'

At the bottom, there's a 'User List' section with the heading 'The users listed below have access to this account and its practice site information. Only administrators (Admin) can add or delete users.' It includes an 'Add User' link and a table of users.

User Name	Role	Modified	Modify
chisholm@ncqa.org	Admin	2/11/2008	Edit User
cmartin@ncqa.org	Admin	5/22/2008	Edit User
javed@ncqa.org	User, Admin	5/10/2015	Edit User
kcarter@ncqa.org	User, Admin	1/19/2010	Edit User
lopatrikov@ncqa.org	Admin, User	7/20/2010	Edit User
mchoida@ncqa.org	User, Admin	7/16/2012	Edit User
nyoung@ncqa.org	Admin, User	4/5/2011	Edit User
palenchar@ncqa.org	Admin, User	2/11/2015	Edit User

At the very bottom, there's a small copyright notice: '©2002-2014 National Committee for Quality Assurance. Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy.'

Step 2 Read through *Business Associate Agreement* starting screen.

Step 3 Click **Begin Electronic BAA**.

NCQA 20 YEARS

Home Practice Sites Submit Data Account Manager Resources NCQA Administration Logout
User: boye@ncqa.org

Home > Account Manager > BAA (Business Associate Agreement)

BUSINESS ASSOCIATE AGREEMENT

NCQA needs a signed Business Associate Agreement(BAA) before it can review your organization's application for recognition. The following screens allow an authorized representative to complete this agreement electronically. You can print or save a copy of the electronically signed agreement for your records and you can generate and print a copy of the agreement for review before the agreement is signed electronically. You DO NOT need to send a copy of the electronically signed agreement to NCQA.

The parties acknowledge that it is their intent to enter into this BAA by means of an electronic signature. The person signing this BAA on behalf of the Covered Entity represents that by typing and submitting their electronic signature to NCQA, they hereby bind Covered Entity to the terms of this BAA; and further, that the individual signing on behalf of the Covered Entity is authorized to enter into and bind Covered Entity to the terms of this BAA. You may need to add the authorized representative as a user and have them log in so their name appears as signer of the agreement.

Begin Electronic BAA

If you choose not to sign the BAA electronically, your application cannot be submitted until a signed, printed copy of the agreement is received by NCQA. [Click here](#) for a printable copy of the agreement. Identify the Covered Entity's contact information and have the authorized representative sign it. DO NOT print, sign and send the electronic version of the agreement.

Mail the signed copy to NCQA at the following address. You will be notified by e-mail when access is released, and a counter-signed copy will be returned to you.

Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy

Done Local intranet 100%

The screenshot displays the NCQA 20 Years website interface. The top navigation bar includes links for Home, Practice Sites, Submit Data, Account Manager, Resources, and NCQA Administration. The user is logged in as 'User: boye@ncqa.org'. The breadcrumb trail shows 'Home > Account Manager > BAA (Business Associate Agreement)'. The main content area contains a form titled 'Identify Authorized Representative:' with fields for 'Authorized Representative Name' and 'Title of Representative', both marked with a red asterisk. Below this is a section titled 'Identify the Covered Entity's contact information for any notice, consent, request or waiver, or other communications:' with fields for 'Organization (Covered Entity)', 'Covered Entity Attention To', 'Covered Entity Mailing Address/Street', 'Covered Entity Mailing City/State/Zip' (with a dropdown for state), and 'Covered Entity E-Mail Address', all marked with a red asterisk. A 'Generate BAA PDF' button is located at the bottom of the form. A message below the button states: 'You must complete the *Required fields to continue.' At the bottom of the page, there is a copyright notice: '©2002-2011 National Committee for Quality Assurance, Patent Pending. Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy.' The browser's taskbar at the bottom shows 'Local intranet' and '100%' zoom.

Step 4 Enter information into the fields. (Required fields are denoted by *.)

Step 5 Click **Generate Agreement PDF**.

Step 6 Read through the Business Associate Agreement.

Step 7 Select **Click to E-Sign the Document**.

Step 8 You can *Print* or *Save* the document by selecting the print or save icons at the top of the agreement.

Step 9 You can access your BAA at anytime by clicking **Account Manager** on the toolbar.

Multiple users for data entry: You may set up multiple users to access and to enter data into the DCT.

Logout: When you are finished with a session, click **Logout** to close the DCT.

Administrative Steps and Document Submission

You may enter data into the DCT to assess your performance against the *HSRP Requirements* at any time, but in order for your data to be reviewed by NCQA, your payment must be submitted and received by NCQA.

The mailing address is listed below.

NCQA Corporate Office
Heart/Stroke Recognition Program
1100 13th St., NW, Third Floor
Washington, D.C. 20005

Data Entry Sessions

Separate data entry sessions: You may work on the Web-based DCT in as many time periods as you like; the tool saves your data from one work session to the next.

Completing Practice Site Information

You must complete the **Practice Site Information** first for each application, whether you are entering data for an individual clinician or group recognition. You only need to enter information for each practice site once.

If your practice site is part of a larger parent organization, *Practice Site Name* should include the name of the parent organization. For example, if Johnson Clinic is your parent organization, *Practice Site Names* could be Johnson Clinic—West; Johnson Clinic—North, and so on. Your Account name should reflect the parent organization name.

Step 1 Click **Add Practice Site**.

Step 2 Enter information into the fields (required fields are denoted by *).

Field Name	Data Format	Instructions
Your Practice Site Name *	Text Field	Enter the legal name of the practice. If the applicant is a solo practice or an individual clinician applicant, enter the clinician's name.
Tax ID *	Text Field	Enter the Tax Identification number of the practice
Certificate Name	Text Field	Enter the name of the practice as it will appear on the certificates
Address 1, 2, 3 *	Text Field	Enter the number and street mailing address of the practice.
City *	Text Field	Enter the city name.
State *	Drop-Down	Select the state from the list in the drop-down menu.
Zip *	Number	Enter the zip code.
Practice Telephone Number	Number (XXX) XXX-XXXX	Enter the telephone number of the practice.
FAX	Number (XXX) XXX-XXXX	Enter the fax number of the practice.
Mailing Address	Check Box	Select box if the mailing address is the same as the practice site address.
Address 1, 2, 3	Text Field	Enter the number and street mailing address of the practice.
City	Text Field	Enter the city name.
State	Drop-Down	Select the state from the list in the drop-down menu.
Zip	Number	Enter the zip code.
Primary Contact Information		
Contact Person *	Text Field (First, Last)	Enter first and last name for the person whom NCQA can contact regarding the application.
E-mail *	Text Field; must include @	Enter the e-mail of the contact person.
Contact Title	Text Field	Enter the title of the contact person.
Contact Phone Number *	Number (XXX) XXX-XXXX	Enter the telephone number of the contact person.

Step 3 Click **Save/Update**.

Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy

Step 4 Select which program applies to the DCT ("HSRP" or "DRP").

Step 5 Select Individual or Group Recognition.

Select **Provider** for single clinician Recognition. Select **Group** for multiple clinicians located at a single site.

- If you select **Provider** NCQA awards Recognition to and lists on its Website only the names of the individual clinicians who achieve Recognition.
- If you select **Group** NCQA awards Recognition both the practice site and the names of the individual clinicians who achieve Recognition are not listed.
- If the practice site has 9 or more clinicians and would like to consider an alternate scoring methodology, please contact the HSRP staff before entering data.

Step 6 If you selected **Provider**, select from the drop down menu the “Type of Recognition for Abstraction.”

- “HSRP Individual with Single Submission”
- “HSRP Individual with Multiple Submission”

Note: If applying for group recognition, this step does not apply.

Step 7 Click **Next-Select Applicants.**

The screenshot shows the NCQA website interface for the HSRP Data Collection Choice form. The header includes the NCQA logo and navigation links. The main content area contains the following sections:

- Select the product for this abstraction:** A dropdown menu with "HSRP" selected.
- Select the type:** A radio button labeled "Recognition" is selected.
- Select the Version:** Two radio buttons are shown: "HSRP 2012" and "HSRP 2015", with "HSRP 2015" selected.
- Will this be an Individual or Group Recognition:** Two radio buttons are shown: "Provider – A Clinician (MD, DO, NP, PA)" and "Group - 2 or more clinicians practicing together at the same site".

A red message at the top right states: "You have one or more DCIs ready to be submitted." The footer contains copyright information for the National Committee for Quality Assurance.

Step 8 Select check box for one or more Applicants for recognition.

- If applicants are already listed, select check box for ONE clinician if applying for Individual Recognition.
- If a group is applying, select check boxes for all clinicians in the group.

Step 9 If the applicant is not on the list, click **Add Clinician**.

The screenshot shows the NCOA web application interface. At the top, the NCOA logo is on the left, and navigation links for Home, Practice Sites, Submit Data, Account Manager, Resources, Switch Account, and NCOA Administration are in the center. A user login area on the right shows 'User: lca'. Below the navigation bar, a breadcrumb trail reads 'Home > Practice Sites > Chris P. HSRP 2015 > Choose Applicant'. A red notification message states 'You have one or more DCTs ready to be entered'. The main section is titled 'Applicant' and contains three numbered instructions: 1. Select the box next to the clinician's name for this DCT. Select only ONE clinician for this Individual Recognition. 2. If the Clinician is not listed below click [Add Clinician](#). 3. Click [Start Entering Data](#) to enter patient data into the DCT. Below the instructions is a table with columns: Clinician, NPI, Tax ID, License Number, State, and Action. The table contains one row with a checkbox, a blue bar, a blank NPI field, the value '1234' for Tax ID, the value '1111111111' for License Number, the value 'NY' for State, and an 'Edit' link. Below the table is a 'Start Entering Data' link. At the bottom, there is a copyright notice: '©2002-2014 National Committee for Quality Assurance. Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy.'

Step 10 Enter information into the fields (required fields are denoted by *).

Step 11 Click **Save/Update**.

Clinician Information -- Webpage Dialog

http://recognitionportal.ncqa.org.v3.0/ncqa.rp.portal.web/ApplicantEdit.aspx?sitec

Enter Clinician's National Provider ID then Click [Validate NPI]. The fields below will be released when a valid NPI # is entered. If we have any information on the clinician their information will be populated below.

NPI Number:

First Name: *

Middle Name:

Last Name: *

E-Mail Address:

Credentials:

Tax ID # / DEA #: *

Gender / DOB (mm/dd/yyyy) :

License Number: *

License State:

Primary Board Specialty:

Primary Board Number:

Secondary Board Specialty:

Secondary Board Number:

* Required / Invalid Data

http://recognitionportal.ncqa.org.v3.0/ncqa.rp.port Internet

Step 12 Click Edit to edit clinician information. Click Save/Update after changes are made.

Step 13 Click Add Clinician to enter more clinician applicants.

Step 14 Select box for clinician(s) applying for recognition.

Start 15 Click Start Entering Data.

Adding Clinicians to a Practice Site without Adding a Data Collection Tool

You can add or edit one or all your applicants tied with a particular practice site before and after adding your DCT by following these steps.

Step 1 Navigate to the **Data Collection Tool** page.

****You can do this by selecting the practice site that you would like to add or edit applicants to on the *Practice Sites* screen.**

Step 2 Click **Add/Edit/Remove** in the **Clinicians at this Practice Site** box.

Step 3 Click **Add Clinician**, if you would like to add an applicant.

Step 4 Enter information into the fields.

Step 5 Click **Save/Update** to save data.

Step 6 Click **Add Clinician** to enter more applicants.

Step 7 Click **Edit** under the **Action** column to edit clinician information. Click **Save/Update** after changes are made.

Step 8 Click **Delete** under the **Action** column to delete a clinician and then confirm your choice by clicking **Yes** or **No**.

****Deleting a clinician will delete all completed or started DCTs that are tied to the clinician.**

Clinical Measures: Patient-Specific Information

Enter data for individual patients in *Clinical Measures: Patient Group Information*—35 eligible patients for an individual clinician applicant, 25 eligible patients per clinician for individual multiple applicants, and 25 eligible patients per site for group applicants with 2–8 clinicians, with a maximum of 200 patients. Applicants with 9 or more clinicians at a practice site, who are seeking individual recognition, should refer to the *HSRP Requirements, Appendix 3*.

This data demonstrates how each clinician meets the clinical measures.

Patient-Specific Information

Chart Start Date

Follow the steps below in the Web-based DCT.

- Start 1** Click **Modify** next to **Chart Start Date**.
- Step 2** Enter the date that will be used to start to identify eligible patients.
- Step 3** Click **Save& Close**.

Go backward from the Starting Date using appointment logs, billing data or any data source or list that includes all patients seen in the practice site for ischemic vascular disease (IVD).

Begin entering consecutive patients who saw the physician prior to the start date during which at least one diagnosis or presenting complaint was IVD. For example, if the Starting Date is April 1, 2015, enter all eligible patients seen on March 31, moving backward to patients seen on March 30, March 29, and so on. The date of this encountered visit for each patient is the Last Visit Date.

The date used to identify the patients—which may be different for each patient—is the Last Visit Date (refer to Appendix 2 of the *HSRP Requirements* for more details). Use the data sources or medical records to find the information for the following table, Columns C–I.

Note: One screen for every potential eligible patient.

Entering Patient Information

- Step 3** Click **Add New Patient**.
- Step 4** Follow the format and instructions below to enter information.

The table below describes requirements for each potential patient for each field in the Web-based DCT.

- Type of data required (e.g., number, date, selection from a drop-down box)—Data Format Column
- Patients for whom you should complete the field--#1 in the Instructions column
- How to complete each column including when to select “Yes,” and when to select “No” from a drop-down box
- Where to find more information in the *HSRP Requirements*—the Reference column

Continue to enter and save patient information in the Web-based DCT until you have enough eligible patients for your sample.

If you do not collect the data that is required for any of the patient specific data fields then leave that field blank. Patient specific data fields are not required fields, except the ones required for eligibility that are marked with a * in the table below. While patient specific data fields are not required fields, lack of data will affect your score.

Note, the required fields are denoted by * in the table below. The rest of fields will remained locked until the required fields are completed. If the patient is determined ineligible after completing the required fields, the rest of the fields will remained locked. Click Save/Close and continue to enter other patients.

- Step 5** Click on the label, such as Patient Number, in the *HSRP Data Record Screen* or Help to view more information on what data to enter into each field for a patient.

HSRP XML Data Collection

XML allows you to import to your account your entire submission or parts of your application including: Practice Sites, Applicants, and Abstraction Data. Once your file is uploaded you will be able to submit your DCTs as well as edit any application information or patient abstraction data. This process should only be done by an IT professional that is trained with XML. Please follow the parameters listed below before importing your XML file.

- The file format can be XML or ZIP.
- ZIP any XML file larger than 4MB and then import the ZIP file.
- A zip file can contain only one XML file in it.
- For large files, it might take 15 to 20 minutes to import based on the file size and internet speed.
- Please wait for the process to complete before doing anything else.
- We recommend to use Internet Explorer browser*.

Click on the link below to begin importing your XML data. Also below you can download the XML Schema, Data Dictionary or Program Sample Files. If you have any questions please email HSRP@NCQA.org for an appointment.

[Begin XML Import](#)

File Name	Type	Last Updated	Download
RP Portal XML Schema	XML	09/04/2009	Download
HSRP 2015 Data Dictionary	Excel	12/15/2010	Download
HSRP 2015 Sample XML File (Individual Recognition)	XML	06/27/2015	Download
HSRP 2015 Sample XML File (Multiple Individual Recognition)	XML	06/27/2015	Download
HSRP 2015 Sample XML File (Group Recognition)	XML	06/27/2015	Download

Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy

- The file format can be XML or ZIP.
- ZIP any XML file larger than 4MB and then import the ZIP file.
- A zip file can contain only one XML file in it.
- For large files, it might take 15 to 20 minutes to import based on the file size and internet speed.

- Please wait for the process to complete before doing anything else.

Step 4 When ready click **Begin XML Import**.

Step 5 You will be navigated to **Data Collection Import Page**. Click **Browse** to select your XML file on your computer.

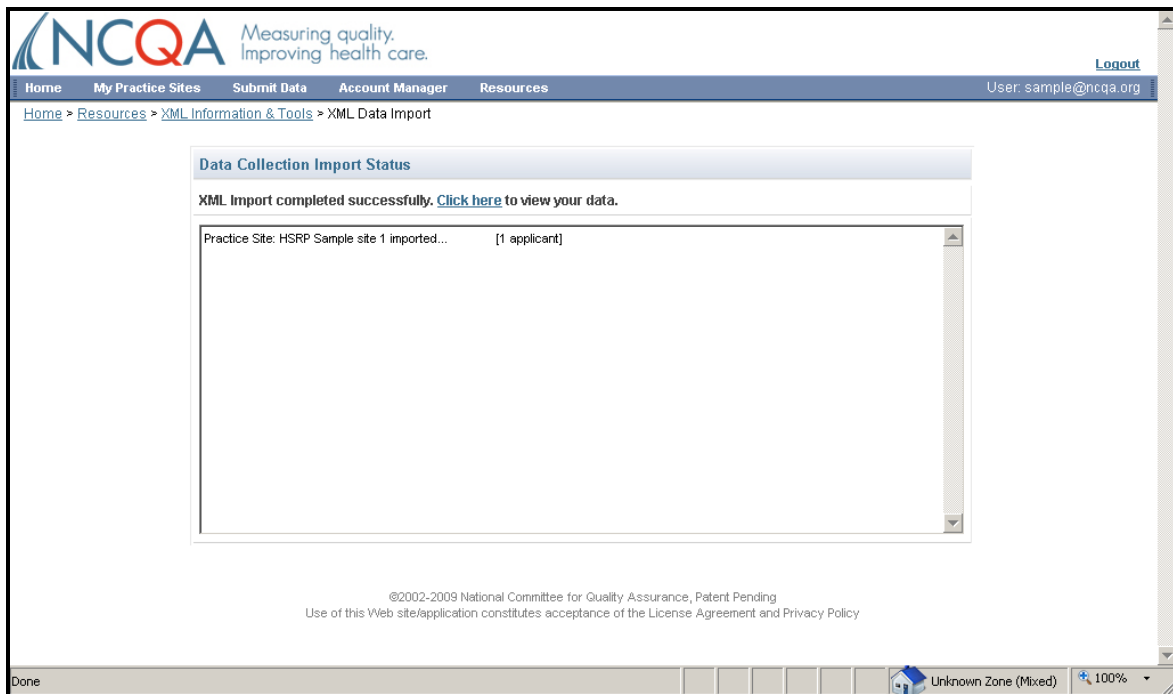

Step 6 Select XML file and click **Open** when *Choose File* popup appears.

Step 7 Click **Import Data Collection**.

The screenshot shows the NCQA 20 Years Data Collection Tool interface. At the top left is the NCQA 20 Years logo. A navigation bar contains links: Home, Practice Sites, Submit Data, Account Manager, Resources, and NCQA Administration. On the right of the navigation bar is a 'Logout' link and the user information 'User: boye@ncqa.org'. Below the navigation bar is a breadcrumb trail: Home > Resources > XML Information & Tools > XML Data Import. The main content area is titled 'Data Collection Tool' and contains a form with the label 'Select Data Collection File'. Next to this label is a text input field and a 'Browse...' button. Below the input field are two buttons: 'Import Data' and 'Cancel'. At the bottom of the form area, there is a copyright notice: '©2002-2011 National Committee for Quality Assurance, Patent Pending' and a statement: 'Use of this Web site/application constitutes acceptance of the License Agreement and Privacy Policy'. The browser's status bar at the bottom shows 'Done', 'Local intranet', and '100%' zoom.

Step 8 The **Data Collection Import Status** box will appear showing the practice site name(s) and the number applicants at each practice site(s) that were imported.

Step 9 Select **Click here** to view your own imported data.

Step 10 You will be navigated to the **Submit** page where you can submit DCTs and view DCTs to correct **Abstraction Messages** (see page # 31) and **View Scores** (see page # 36). To view DCT click on **HSRP** under **Program** column for practice appropriate practice.

Step 11 Continue to page # 36 for information and requirements to submit a workbook.

Preliminary Results

From the HSRP DCT screen, click on **View Score** to view the following information:

- Your rate and score for Clinical Measures
- Your total points

Step 1 Click **View Score** to see Preliminary Results.

Step 2 Click **Print** in the upper right hand corner of the **Preliminary Results** box.

Practice Site and Clinician Results

The **Preliminary Results** box allows you to view results by individual clinician or group.

To view results of another group or individual clinician, follow these steps.

Step 1 Click **Practices Sites** on toolbar.

Step 2 Select **[Practice Site Name]** for the preliminary results of the individual clinician or group recognition you would like to view.

Step 3 Select the **[Data Collection Tool]** under the **Program** column that you would like to view preliminary results for.

Step 4 Click **View Score** to see preliminary results.

Step 5 Click **Print** in the upper right hand corner of the **Preliminary Results** box.

Preliminary Results Table

Table columns read, from left to right:

- *Clinical Measure/Goal/Performance Criteria/Assigned Point Value* -
 - *Note: The performance criteria are the percentage of patients that must satisfy the requirements of the measure.*
- *Patient Count* - The number of patients meeting the numerator requirements.
- *Percentage of Patients* – The percentage of patients meeting the numerator requirements.
- *Awarded Points* - Number of points received for the measure.
- *Total Points* – The total number of points received for all measures.

Refer to *HSRP Requirements* for more information.

Disclaimer

Results generated or otherwise received from use of the Web-based DCT are preliminary and do not constitute a final score or Recognition from NCQA. NCQA makes a decision about awarding Recognition based on an applicant's overall performance as measured against the HSRP criteria.

Submitting Data

To submit your complete data to NCQA, follow the instructions below.

The four requirements for NCQA to review your data are:

- Sign both BAA and HSRP Agreement
- Receipt of application fee
- Complete data including appropriate patient sample size. Please review the **Preliminary Results** before submission to verify that each clinician or group completes the criteria for the Recognition. See page # 36. For more information on the criteria, refer to the *HSRP Requirements*.
- You must correct all **Abstraction Messages** on the DCT before submitting. See page # 31 for instructions

How to submit your DCT:

- NCQA has integrated the HSRP data submission process with electronic payment. For instructions on submitting your DCT and the electronic payment system, refer to the *DRP/HSRP, Instructions for Electronic Payment and Submission of Data Collection Tools (DCTs)*.
- After receipt of your data, NCQA will review your application and notify you of your Recognition Status by e-mail within 30 - 60 days. Once a Recognition decision is completed, the DCT is no longer available to un-submit.

Feedback

NCQA welcomes any suggestions or comments you may have about the Heart/Stroke Recognition Program. Submit comments by e-mail to HSRP@ncqa.org.
