>50	\$80	\$6,600 + \$10/ # >50	\$6,680 + \$10/ # >50

### Discount for Sponsored Practices

NCQA offers a 20 percent discount from the Full Survey to applicants sponsored by health plans, employers and other programs. PCMH applicants receive the discount when the:

- Practice has 15 or fewer physicians **and**
- Sponsor has ten or more applications in a market area within a twelve-month period.

### **Add-On and Upgrade Survey Pricing**

To advance to a higher PCMH Recognition level (i.e., from Level 1 to Level 2 or Level 3, or from Level 2 to Level 3), the practice applies for an add-on survey. This does not require the purchase of an additional Survey Tool; NCQA provides the Practice with a Survey Tool based on their previous submission. The application fee for NCQA review and Recognition of an add-on survey is discounted at the 50 percent level of the standard application fees, even if practice paid the discounted fee for their initial survey. If eligible to upgrade from 2008 PPC-PCMH to PCMH 2011 a PCMH 2011 survey tool must be purchased and the application fee for NCQA review and Recognition of an upgrade survey is discounted at the 50 percent level of the standard application fees for each site.

<b>Number of Clinicians in Practice</b>	<b>Add-On and Upgrade Survey Application Fee</b>
1	<b>\$275</b>
2	<b>\$550</b>
3	<b>\$825</b>
4	<b>\$1,100</b>
5	<b>\$1,375</b>
6	<b>\$1,650</b>
7	<b>\$1,925</b>
8	<b>\$2,200</b>
9	<b>\$2,475</b>
10	<b>\$2,750</b>
11	<b>\$3,025</b>
12+	<b>\$3,300</b>

## Multi-Site Group Survey Pricing

**Note:** The practice may use only one PPC-PCMH pricing discount for a survey. If the practice uses a sponsored discount, it may not also use the Multi-Site Group Survey discount.

Several practice sites that share a common system or processes may be eligible for the NCQA Multi-Site Group Survey process. The organization must meet eligibility requirements and complete a self-assessment. If NCQA determines that a group of practices is eligible for a Multi-Site Group Survey, then the practice group purchases a Survey Tool for each practice site, plus an additional Survey Tool for the Multi-Site Group Survey. NCQA reviews the PCMH elements approved for the shared processes or systems first (the Multi-Site Group Survey), then applies the Multi-Site Group Survey results to all practice sites in the multi-site group. The remaining elements are completed for each practice site.

To receive a multi-site group discount on initial surveys, the individual practice sites must submit Survey Tools for the PCMH evaluation process within twelve months of submitting the multi-site group Survey Tool.

There is a discount of 50 percent on the Standard Survey fee for the individual practice sites applying under a Multi-Site Group Survey. That is, the full cost for an organization to apply through the Multi-Site Group Survey process = Multi-Site Group Survey application fee (from the first table below) and the application fees for each practice site (with a 50 percent discount on the Standard Survey fee as shown in the second table below) + Survey Tool purchases for each site and the Multi-Site Group Survey.

Number of Practice Sites Within a Practice Group	Multi-Site Group Survey Application Fee
1-2	NA
3-5	\$1,100
6-9	\$2,200
10-15	\$3,300
16-19	\$4,400
20-25	\$5,500
>25	\$6,600

<b>Number of Clinicians at a Practice Site</b>	<b>Practice Site Application Fee</b>
1	\$275
2	\$550
3	\$825
4	\$1,100
5	\$1,375
6	\$1,650
7	\$1,925
8	\$2,200
9	\$2,475
10	\$2,750
11	\$3,025
12+	\$3,300

### **Reconsideration**

A practice may seek Reconsideration of a recognition status decision, as described in the *Policies and Procedures*. A fee of \$550 per site or the add-on survey fee, whichever is less, will be charged, payable when the practice requests Reconsideration.
